

Whistle Blowing

What is Whistle Blowing?

A fraud or ethics hotline, also known as a whistle blowing mechanism, is a tool used by an entity or group of entities – whether in the private or the public sector - in the fight against fraud, corruption and/or unethical behavior in or against the entity or group.

Our independent Whistle Blowing Service.

GSS Whistleblowing service seeks to understand the unique needs of your business and help you safeguard your business against risk.

Our Whistleblowing service is independent and provides an anonymous reporting channel for unethical behavior in the workplace.

We are committed to promoting a culture of integrity, collaboration and transparency for our employees and our clients.

Hotlines are an integral part of fraud prevention, our anonymous hotline answer service operates 24-hours a day, 7 days per week and 365 days a year.

Assisting clients by protecting the business value for employees, customers, suppliers, managers or shareholders to report fraud or any other inappropriate activities anonymously, in a safe, confidential and secure way.

We continue to grow, to refine, and to expand the capacity of our services to meet the growing demands and challenges facing our clients.

GSS Whistleblowing service can provide your business with a cost-effective hotline to ensure your employees and your reputation are protected.

For more information on the GSS Whistle Blowing service and how it works please contact Graham Phillips.
